need. It's a snip
at any size!

MILD STEEL ZINC PROTECTED

Model: ADGSB 11-8-30

Aeroduct Stranglehold Banding are zinc protected mild steel. This is most popular clip in our range. Ideally suited for most day requirements for joining hose in areas such as the HVAC industry and the automotive aftermarket, agricultural application, such as irrigation and farm machinery, pneumatic and hydraulic application in the industrial sector, hardware/DIY applications and in construction.

Thickness: = 0.6 mm - 0.8 mm, Width: 11 mm

STAINLESS STEEL AISI430ss

Model: ADSSB 11-8-30

The most versatile of clips in the Aeroduct Stranglehold Banding range, our Original Range Aeroduct Banding in 304 (18/8) stainless steel are widely used across all industries where hose clips are used to secure hoses, as well as for other applications. Their corrosion resistance enables their use in the marine, oil and gas and food sectors, as well as the agricultural, hardware and industrial sectors, where higher corrosion resistance is required.
